11) Shodhganga

The UGC Notification (Minimum Standards & Procedure for Award of M.Phil. / Ph.D Degree, Regulation, 2009 Amendment made on 2016) dated 5th May 2016 mandates submission of electronic version of theses and dissertations by the researchers in universities with an aim to facilitate open access to Indian theses and dissertations to the academic community world-wide. Online availability of electronic theses through centrally-maintained digital repositories, not only ensure easy access and archiving of Indian doctoral theses but will also help in raising the standard and quality of research. This would overcome serious problem of duplication of research and poor quality resulting from the "poor visibility" and the "unseen" factor in research output. As per the Regulation, the responsibility of hosting, maintaining and making the digital repository of Indian Electronic Theses and Dissertation (called "Shodhganga"), accessible to all institutions and universities, is assigned to the INFLIBNET Centre.

As soon as the degree is awarded Faculty members are supposed to submit soft copy of their thesis to PRMCEAM Library so that it can be forwarded to SGBAU KRC through Ph.D. cell for uploading on Shodhganga. It is individual faculty's responsibility to forward the soft copy of thesis to the Library as it will be monitored by various committees like NAAC, NIRF etc.

The format in which the soft copy of thesis is to be submitted is uploaded on Shodhganga /PRMCEAM website.
